Letter from Chile, the host country of the XXVI World Buiatrics Congress

On behalf of the Organizing Committee of the XXVI World Buiatrics Congress, we would like to greet all the friends of buiatrics around the world.

The Program is being accomplished in a 100% in all aspects related to this important event, and we hope most of you will be able to attend it.

We invite you to visit our website at www.wbc2010.com where you can see the diverse information regarding registration, hotel facilities, optional tours and most important, the content of the Scientific Program so that you can check the top level main speakers that are already confirmed for the 32 sessions of the Congress. You can also check the list containing most of the Satellite Symposia, Workshops, Courses and also the Proposed Symposia which were selected by the Scientific Committee.

Currently we are nearing the deadline for sending the Abstracts of scientific contributions. We hope we will have many participants, making of this the Congress of the Bicentennial Year of our country, which will also be your country during the Congress days, next November.

Last week statistics were showing that we are receiving contributions from the 5 continents:

Africa	4%
Asia	23%
Europa	26%
Latin-America	34%
North-America	9%
Oceania	4%

We would like to take this opportunity to acknowledge all the people who already sent their Abstracts or are about to do so upon receiving this letter. Also, we would like to congratulate them for their efforts, and they can rest assure that their contributions will have the proper

setting in the premises of the Congress. The abstracts will be exposed to the public during 48 hours, during this time they will be able to give answer to people's queries and establish contact with scientists and professionals interested on the different subjects of Buiatrics.

We look forward to seeing you in six months time more,

Best regards,

Luis Poo Kutscher
President

Francisco Lanuza Ayerdi
Secretary
