**XV LATIN AMERICAN CONGRESS FOR BUIATRICS
PAYSANDU, URUGUAY
JUNE 8-10, 2011**

XV Latin American Congress for Buiatrics will be held in conjunction with the 39th Conference Uruguay during the month of June in Paysandu. The program aims to develop six symposia, oral presentations and panel discussions. Further information will be available on the web site: www.buiatriapaysandu.org

On the occasion of the XV Latin American Congress of Buiatrics in Paysandu, Uruguay, it will be granted the award "Dr. Pablo Videla" to Dr. Ramiro Ovalle Morante of Peru. Previous awards were given to Dr. Recaredo Ugarte of Uruguay in Mexico in 2007 and Dr. Jorge Ávila of Mexico in Lima in 2009.

**XV CONGRESO LATINOAMERICANO DE BUIATRÍA
PAYSANDU, URUGUAY
8-10 JUNIO, 2011**

Un avance de los organizadores señala que éste se celebrará en conjunto con las 39ª Jornadas Uruguayas durante el mes de junio en Paysandú. El Programa contempla la realización de seis Simposios, exposiciones orales y Mesas redondas. Información de detalle saldrá luego en el sitio WEB del congreso: www.buiatriapaysandu.org

Con ocasión del XV Congreso Latinoamericano de Buiatría en Paysandú, Uruguay, será entregado el Premio Dr. Pablo Videla al Dr. Ramiro Ovalle Morante de Perú.

Anteriores premios fueron recibidos por el Dr. Recaredo Ugarte de Uruguay en México 2007 y por el Dr. Jorge Ávila de México en Lima 2009.

**6TH EUROPEAN CONGRESS OF BOVINE HEALTH MANAGEMENT
LIÈGE, BELGIUM
SEPTEMBER 7-9, 2011**

Invitation

The Belgian Buiatrics Association - both the Flemish and the French-speaking groups - is very pleased to invite you to the 6th European Congress of Bovine Health Management that will take place from 7 to 9 September 2011 in Liège, Belgium. At the same time and location, we will also hold the Annual General Meeting of the ECBHM.

With the emphasis on prevention through genetics and nutrition, and a workshop about the exceptional but also more delicate Belgian Blue breed of cattle, the scientific program will venture a little bit off the beaten track. However, traditional topics such as udder health, reproduction, metabolic diseases and infectious diseases including emergent diseases, parasitology, neonatology, lameness and welfare will not be neglected. Moreover, with the opening keynote of the congress about the responsible use of antibiotics, Veterinary Public Health will get the attention it deserves.

One of the main objectives of this congress is to give interns and residents of the ECBHM a forum to present the results of their work. We will give out two awards: one for the best poster and the other one for the best presentation.

The year 2011 coincides with the 175th anniversary of the Faculty of Veterinary Medicine of Liège and with the 30th anniversary of the first Belgian buiatrics congress held in Brussels. We are honored that the University of Liège has put a modern complex at our disposal on the campus of Sart-Tilman/Liege, i.e. the "Amphithéâtres de l'Europe". Three modern amphitheatres that seat 600, 300 and 200 people respectively, an exhibition hall and various meeting rooms as well as a nearby restaurant will be available to us.

Belgian cattle practitioners are very hard workers but they also like to play hard! They hope you will come to Belgium to share with them the latest progress in bovine health management in a unique and fun atmosphere.

We look forward to warmly welcome you during this congress in Liège in 2011!

Dr Joost COGHE
President of the VVB

Dr Peter HAAS
President of the SBFB

Ávila,

11-13th May 2011

SCIENTIFIC PROGRAMME

KEY LECTURE

FROM C-SECTION TO THE OPERATING ACCOUNT

Joaquím Baucells (Centre Veterinari de Tona, Barcelona) SPAIN

HEALTH

- LEPTOSPIROSIS: SITUATION, DIAGNOSIS AND CONTROL.

Francisco García Peña (Laboratorio Central de Veterinaria, MARM) SPAIN

- CLINICAL HEALTH ASPECTS AND CAUSES OF BULL SIRE REJECTION.

Carlos Campero (INTA) ARGENTINA

- IBR: ERADICATION PROGRAMS STATUS.

Etienne Thiry (Liège Univ.) BELGIUM.-SPONSORIZED BY HIPRA

- ORAL PRESENTATIONS

NUTRITION

- INDEX TO EVALUATE HEAT STRESS.

Rosemarie Burgos (Tucson Univ.) EE.UU.

- NUTRITIONAL MANAGEMENT TO MAXIMIZE EFFICIENCY = DIGESTIBILITY + NUTRITIONAL EFFICIENCY.

Rosemarie Burgos (Tucson Univ.) EE.UU.

- STRATEGIES TO IMPROVE EXTENSIVE SYSTEMS.

Ricardo Albeiro (INTA) ARGENTINA. SPONSORIZED BY NUTEGA

- ORAL PRESENTATIONS

MEDICINE AND SURGERY

- RISK FACTORS, ASSESSMENT, AND PROGNOSIS FOR ABOMASAL DISPLACEMENT

Peter D. Constable (Purdue Univ.) EE.UU.

- POST-OPERATIVE MANAGEMENT OF GASTROINTESTINAL SURGERY IN CATTLE: PROMOTION OF GASTROINTESTINAL MOTILITY

Peter D. Constable (Purdue Univ.) EE.UU.

- CRITICAL CARE FOR GASTROINTESTINAL – IV THERAPY FOR ELECTROLYTE DISORDERS

Peter D. Constable (Purdue Univ.) EE.UU.

- NEW PERSPECTIVES ON THE PATHOGENESIS OF CLAW CORNEAL WALL ALTERATIONS IN DAIRY CATTLE

Rodrigo Carvalho Bicalho (Cornell Univ.) EE.UU.

- ON FARM SURGICAL METHODS TO MINIMIZE THE EFFECTS OF OSTEOARTHRITIS IN DAIRY COWS

Rodrigo Carvalho Bicalho (Cornell Univ.) EE.UU.

- ORAL PRESENTATIONS

FEEDLOT PRODUCTION

- TYPES AND CHARACTERISTICS OF UNIFEED FEEDING IN BEEF CATTLE

Carlos Sgoifo (Milán Univ.) ITALY. SPONSORIZED BY PFIZER

- PRACTICAL ASPECTS OF UNIFEED FEEDING IN FEEDLOTS

Carlos Sgoifo (Milán Univ.) ITALY. SPONSORIZED BY PFIZER

EXTENSIVE PRODUCTION

- GUIDELINES FOR INCREASING BEEF PRODUCTION: EXPERIENCE IN ARGENTINA

Carlos Campero (INTA) ARGENTINA

- INTEGRATED MANAGEMENT OF LARGE HERDS

Ricardo Albeiro (INTA) ARGENTINA. SPONSORIZED BY NUTEGA

- ORAL PRESENTATIONS

HERD MANAGEMENT

-AN ECONOMIC COMPARISON OF CONVENTIONAL VS. INTENSIVE HEIFER REARING SYSTEMS

Michael W. Overton (Georgia Univ.) EE.UU.

-MONITORING TRANSITION COWS FOR IMPROVED LACTATION AND REPRODUCTIVE SUCCESS

Michael W. Overton (Georgia Univ.) EE.UU.

- EXPERIENCE AND DECISION MAKING IN ECONOMIC MANAGEMENT OF DAIRY FARMS.

Joan Galí (GTV) SPAIN

- ECONOMIC PRINCIPLES TO IMPROVE REPRODUCTIVE PERFORMANCE

Michael W. Overton (Georgia Univ.) EE.UU.

- ROUNDTABLE: Which is the future for dairy cattle veterinarians?

Michael W. Overton, Joan Galí, Quim Baucells y Joaquin Ranz

MASTITIS AND MILK QUALITY

- FACTORS INFLUENCING TREATMENT OUTCOMES FOR CLINICAL MASTITIS

Pamela Ruegg (Wisconsin-Univ.) EE.UU.

- A PRACTICAL LOOK AT MONITORING MASTITIS CONTROL PROGRAMS

Pamela Ruegg (Wisconsin-Univ.) EE.UU.

- ULTRASONOGRAPHY OF THE UDDER AND TEATS

Giovanni Gnemmi (Bovine Vet) ITALY

- ORAL PRESENTATIONS

REPRODUCTION

- HORMONAL FACTORS THAT INFLUENCE DAIRY COW FERTILITY DURING LACTATION

J. Richard Pursley (Michigan Univ.) EE.UU.

- FARMACOLOGICAL CONTROL OF FOLLICLE AND CORPUS LUTEUM FUNCTION TO IMPROVE LACTATING DAIRY COWS FERTILITY

J. Richard Pursley (Michigan Univ.) EE.UU.

- PREDICTION OF ESTRUS CYCLE PHASE AT PREGNANCY DIAGNOSIS TO ESTABLISH AN ADEQUATE PROTOCOL FOR OPEN COWS

J. Richard Pursley (Michigan Univ.) EE.UU.

- MICROBIOLOGY POSTPARTUM OF THE UTERUS

Rodrigo Carvalho Bicalho (Cornell Univ.) EE.UU.

- ULTRASONOGRAPHY IN COWS REPRODUCTION: USEFUL OR ESSENTIAL

Giovanni Gnemmi (Bovine Vet) ITALY

- ULTRASONOGRAPHY TO CONTROL FOLLICULAR DYNAMICS: HOW TO INCREASE CONCEPTION RATE

Giovanni Gnemmi (Bovine Vet) ITALY

- ORAL PRESENTATIONS

EBF 2011 - European Buiatrics Forum organized by the French Buiatrics Association

The European Buiatrics Forum is an opportunity for practitioners, teachers, research workers and pharmaceutical industry to meet, learn together, and share ideas and experiences.

Dates: 16-18 November 2011

Site: Palais du Pharo, Marseille, France

Main topics:

- Mastitis disorders
- Reproductive disorders
- Surgery, anaesthesia and pain management in cattle
- Infectious diseases, vaccines and emerging diseases
- Metabolic diseases
- Parasitology

**SUMMER SCHOOL – REPRODUCTION IN RUMINANTS
(9th – 18th July 2012)**

Planned summer school REPRODUCTION IN RUMINANTS will accept all interested students up to max. 30 of them but prerequisites are that they have finished at least 10 semesters of the core curriculum at their home university. It is especially suitable to postgraduate and PhD students since it will be recognized by European College for Animal Reproduction and European Society for Domestic Animal Reproduction. According to its highly applicable and practical aspects, summer school is also suitable for veterinary surgeons specialized in buiatrics and reproduction. Furthermore, ESDAR will provide scholarships for the best students. All residents of ECAR and similar programs are more than welcome. Summer school will last for 10 days with lectures, seminars and practical student work at the different locations in Split and Sinj. Summer school is planned to be organized at the beginning of the July 2012. Interested students and experts (vets or non-vets) may attend one or more days of these courses, which would also be very useful for those registered for ECAR exams.

Applications must be sent to **nikica@vef.hr** at least five weeks before the intended start of summer school.

Students (including residents and PhD students) who have been Student ESDAR members for at least one year can apply for sponsorship to attend. Applications for sponsorship must be submitted through the ESDAR web Site <http://www.esdar.org> at least five weeks before the intended start of summer school (first come, first served). Sponsorship will only cover attendance fees and accommodation – travel costs will remain the responsibility of the student. Many cheap airlines use either Split or Zadar.

More information about the venue of summer school could be seen in short spot: <http://www.youtube.com/watch?v=rhmj7S3YDoU>

and part of the social weekend program in:

<http://www.youtube.com/watch?v=aTCgBF0E8zY>
